Professional Summary

I am a software developer with a strong desire to help other people make their work more efficient. I have a long history working in customer service positions in various industries and have developed a talent for figuring out what people need and how to deliver it to them. I'm the type of person who thrives working on a team. I was even voted by my peers to receive my Eleven Fifty Academy Cohort's Core Value Award for Teamwork.

Development Projects

Piggyback Application – a freelance project with a startup company and is being built using .NET Core and RESTful API connections. (I signed an NDA and am limited on what specifics I can discuss.)

MousePark API – a multitier ASP.NET Web API that allows users to create, manage, rate, and view theme park attractions. (github.com/Fkitchell/MousePark)

Skills

Programming Languages

C#, SQL, HTML5, CSS3, Bootstrap

Technical Proficiencies

ASP.Net MVC, Git/GitHub,
.Net Core and Framework

Work Experience

Software Developer

July 2020 - Present

Freelance – Indianapolis, Indiana

- Currently collaborating on a startup financial application being built as an API Middleware program.

IT Help Desk Specialist

Aug 2016 – Apr 2020

Marian University – Indianapolis, Indiana

- Patched software and installed new versions to eliminate security problems and protect data.
- Created support documentation that empowered users to expand skills, leverage system features, and find resolutions to questions.
- Evaluated user problems using test scripts, personal expertise, and probing questions.
- Responded to support requests from end-users and patiently walked individuals through basic troubleshooting.
- Configured hardware, devices, and software for employee workstations.
- Collaborated with vendors to resolve advanced hardware issues.

IT Help Desk Student Worker

Sep 2015 - Aug 2016

Marian University – Indianapolis, Indiana

- Performed software and hardware updates on Marian University computers.
- Answered phone calls from university faculty, staff, and students and work to resolve their issues.
